Churchyard Memorial Application Form

Please read these note before filling in the form. If you have not yet read the 'Guide to Families and Next-of-Kin' in the Churchyard Regulations, please do so, as the advice in that guide may help to prevent difficulties for you later in the process.

Your Parish Priest will be able to advise you on what memorials come within his or her powers to agree, and what proposals will need the longer and more expensive process of a Faculty. Please talk with your priest before making any decisions which might prove more costly than you would wish.

For example, a priest has no powers to give permission for a memorial made from marble nor black nor dark grey granite; no memorial which is polished or with a reflective finish; nothing in the shape of a book or heart, no kerbstones, and no photographs.

If you wish to propose a memorial which falls outside your priest's limited powers, please complete this form and when it has been completed by the Parish Priest and stonemason it should then be sent to the Secretary of the Diocesan Advisory Committee. You will then be given details of how to apply to the Chancellor of the Diocese for a Faculty. He will want to know what exceptional circumstances he should take into account before giving permission.
